

CALL FOR PAPERS

15th Pacific Conference on Computer Graphics and Applications (Pacific Graphics)

Maui, Hawaii • October 29 – 30 / November 1 – 2, 2007

<http://mm.cse.wustl.edu/pg07>

Scope

Pacific Graphics is an annual international conference on computer graphics and applications. As the 15th in the highly successful series, Pacific Graphics 2007 will continue to provide a premium forum for researchers, developers, practitioners in the Pacific Rim and around the world to present and discuss new problems, solutions, and technologies in computer graphics and related areas.

Venue

For the first time in the series, Pacific Graphics 2007 will be held on a Pacific Island. Named "Best Island in the World" for the 12th year in a row, Maui is widely regarded as the most attractive island destination not only in Hawaii but anywhere on the face of the earth. Come and join us in the best season of Maui and enjoy its world-famous beaches, rain forests, and mountaintop vistas.

Topics

We warmly invite work in all areas of computer graphics including (but not limited to):

Geometric and Solid Modeling
Shape and Surface Modeling
Physically Based Modeling
Point Based Graphics
Geometry Processing
Animation
Visualization
Volume Graphics

Rendering and Illumination
Image Based Rendering and Modeling
Image and Video Processing
Virtual and Augmented Reality
Web Graphics
Interaction Techniques and HCI
Graphics Systems and Hardware
Graphics Applications

Submission

Original unpublished papers up to 10 pages are invited. Accepted papers will be classified as regular or poster papers. Regular papers will be presented in oral sessions. All papers will appear in the conference proceeding published by IEEE and will be archived in IEEE Computer Society digital libraries. Selected regular papers of outstanding quality will be published in their revised forms in special issues of **The Visual Computer** and **Computer Aided Geometric Design**.
